Volunteer of the Month

Marta

Marta started with us in November 2023. She helps out with chores, exercising the horses and leading the horse in lessons. In only her second week, Marta jumped in to help out with the SOAR program. She also hops-to on anything asked of her and puts in long shifts. Marta is good with all the horses – even Cedar! Marta is friendly, reliable and a steady presence in the barn. We are grateful to have her.

Welcoming New Staff

Adelle Salerno, Barn Staff

I've been involved with BITS ETC since February 2023 and I'm happy to join the fantastic barn staff team.

I am a former psychotherapist who worked predominantly with children and adolescents who were placed in foster care. In addition, I have experience working with teens recovering from addiction, as well as adults living with thought disorders. Through BITS ETC, I'm excited to continue learning about equine first aid and medical care. In the future I plan to own and rehabilitate injured/ neglected horses.

I'm looking forward to meeting and working with all of you!

Mason Medical Update

Thank you Becky's Gift

Mason is at his BITS home after several visits to the **Myhre Equine Clinic** for sinus surgery and a tooth extraction. Mason has endured catheters to drain sinus cavity, accompanied by stress and discomfort, but continues to show improvement!!

THANK YOU to **Becky's Gift** for sponsoring 80% of the cost for Mason's medical care. He still has a way to go. If you would like to help with Mason's continued care, [click here](#).

Herd Update: It's Shedding Season!

EQUINE HEALTH & EMERGENCY FIRST AID

On March 30th, the BITS staff and area horse professionals will receive comprehensive training on Equine First Aid including conditioning your horse for treatment, vital signs, lacerations, punctures, colic, choke, collapse, cast equines, shock, hoof issues, pain recognition and alleviation, spinal health, prevention and more.

BITS offers this course as part of our commitment to excellence in care for our horses and supporting training for our community. We have partnered with Myriam at Allspark Hill Training to provide this essential program.

HORSE OF THE MONTH MAGGIE

Maggie ('Margarita') is one of our most popular horses and works really well with our clients. Would you like to support the care for Maggie this month? Our goal is to raise a 'one month fund' for our horse of the month! You can contribute as little or as much as you want! **Sponsor here!**

All contributions help cover costs of hay, vet care, chiropractor, grain, etc.

Your name or company will be included on the thank you card from Maggie on our social media. ***All donations are tax deductible.***
